## Cheryl Cole has decided not to leave Girls Aloud

Cheryl Cole has finally decided not to leave Girls Aloud after what happened with her and Ashley Cole. all he did was cheat on her and there was no need of it .Cheryl Cole made a good job of it when she first found out but then she always put on a brave face.

She didn't ever tell anyone about it. Cheryl Cole is a good judge on the X Factor and she is always a laugh . She never took anything that Simon said to heart on the X factor and she always made a good attempt to ignore it.

CHERYL COLE IS A FIGHTER.....
