

# Haiti's big earthquake

This tragedy caused a lot of damage to the people in Haiti who's family or friends have died in the earth.

The worst ever earthquake in Haiti. It has been the worst in two centuries. It hit the south of the capital. There has been lots of tense moments in Haiti for people as they had to watch buildings collapse on people or in the building. Thanks to

Damage caused by the earthquake.

all the rescue helpers that got all of the hurt people out of damaged buildings. They are also trying to stop people from stealing from the damaged shops.

phone lines were shortly cut of after the earthquake. The brazilin army said that four of its peacekeepers has been killed and a very large number has gone missing.
